GOLDEN RULE CLASS.

The Misses Lela and Marion Hub-
bard assisted by Mrs. Clifford Hub-
bard and Mrs. Fay Hough-McCarthy
entertained the members of the Golden
Rule Bible class last evening at the
home of the former, 1914 Twenty-first
West. A short business session was

FACE EMERGENCY HANDLING REFUSE

COUNCIL TOLD BY COMMISSION-
ER HART NEW BURYING
GROUNDS ARE NEEDED.

Trenches Used in West End Last
Year Completely Filled—New
Place Is Necessary.

The signal of distress may wave
from this city during the coming few
weeks and possibly into mid-summer.
If the discussion of garbage dumping
grounds at an informal session of the
city council this morning is at all in-
dicative of the situation which Rock
Island will face.

The three interrogative pronouns,
"where," "when" and "how," were
much in use in the discussion, and
Commissioner Archie Hart made plain
to the members of the commission
that it is likely that Rock Island will
face an emergency. The dumping
grounds used by the city last year
were entirely utilized and as the air
grows balmy, he has been feeling
much concerned as the matter lies
chiefly in his department.

The discussion was brought to the
attention of the commission through
steps taken at the meeting to adver-
tise for bids for an incineration plant.
It was hinted at last winter but the
force of the present existing conditions
was not felt as strongly because the
necessity for dumping grounds at that
time was not as pressing as now.

Ask Incinerator Bids.

The council agreed to send out
specifications for bids to be received
April 1 for an incineration plant. That
was settled upon but the question as
to what to do with the garbage in the
meantime is the vital point according
to Commissioner Hart.

He stated this morning that while
he had not fully determined as to
whether or not grounds could be se-
cured within the limits of the city, he
said that he doubted very much as to
whether or not a place to bury the
refuse could be secured nearer than
the Rock river.

He asserted that as soon as the
warm days arrived and the people in
the city were beginning to use gas
stoves and not utilizing their furnaces,
that the garbage cans would be filled
and that some place would have to be
secured to dump the refuse.

No action was taken as to locating
new grounds, but Commissioner Hart
will look around in an effort to find
some suitable place close to the city
so that the hauls required will not be
unduly long.

To Save Fuel.

The commission agreed on inserting
in the specifications that the city
would consider a plant so equipped
that steam could operate both it and
the waterworks. If such could be
brought about, a great saving in fuel
would be realized to the city, as the
idea at present is to locate the incin-
erator near the waterworks, and
operate in conjunction with the latter.

This is likely to be done, if it is
determined that the close proximity
to the Mississippi river in no way will
endanger the plant from high water.

The council also decided to close the
city hall on Monday but the council
session will be held at 7:30 o'clock
Monday evening the same as usual.

MEMORIAL SERVICE FOR
BLIND SINGER ANNOUNCED

The Men's class of Broadway Pres-
byterian church will have charge of
the vespers service at that church on
Sunday evening at 4:30. The commit-
tees in charge of this event report
that a program of unusual interest is
assured, and they anticipate a large
attendance.

The service will take the form of a
memorial to Fannie Crosby, the blind
writer of hymns who recently died.
Rev. J. Edgar Wilson will give a
short memorial address, and Rev. W.
G. Ogilvie will speak on the subject,
"The Hymns of the Church."

The musical part of the program
will be attractive. The quartet will
render a number of special selections
appropriate to the occasion, and a
chorus of men will assist with the
hymns. This part of the service is
under the direction of Miss Katherine
Gest.

R. A. Adams has charge of the usher-
ing and reception committee, who
will be charged with the duty of wel-
coming all who attend the service.
The members of the Men's class unite
with the pastor and the session of the
church in extending the invitation to
all to be present on Sunday afternoon
to participate in the service at 4:30.

SOCIAL GOSPEL WILL BE
STUDIED BY MEN'S CLASS

Studies in "The Social Gospel" by
Shailer Mathews engage the attention
of the members of the Men's class at
Broadway church every Sunday morn-
ing at 9:30. These studies deal with
the application of the teachings of
Jesus to the most practical phases of
modern life, and they are proving to
be full of inspiration for the men who
follow them.

Next Sunday morning, the subject is
announced as: "The Meaning and
Methods of Individual Regeneration."

R. C. Smedley leads the class in its
studies, and all the sessions are char-
acterized by free and frank discus-
sion of all points by the members. The
class is a good place for any man to
go to get acquainted with other men,
for the atmosphere is one of rare
good fellowship. Any man who is free
at the appointed hour, 9:30, next Sun-
day morning, is assured of a warm
welcome from the members of the
class if he will join them in their
study.

AUTHENTIC SPRING STYLES

At The Bee Hive

The Latest and Most Approved Models of
Women's and Misses'
Suits, Coats, Dresses, Skirts
and Waists

will be displayed in our windows and in the various de-
partments for the first time tomorrow.

These models we will have ready tomorrow are absolutely cor-
rect, every one designed and made during the past three weeks,
while our Mr. Deutsch was in New York.

You'll notice many of the objectionable features of the earlier
season models have been entirely eliminated and that these later
styles are both becoming and practical—garments that any wo-
man can wear.

INDICATES 60 ON PRIMARY TICKET

IF FINAL RUSH IS AS GREAT AS
BELIEVED NUMBER WILL
BE NEAR THAT FIGURE.

Forty-seven Candidates Had Qual-
ified at Noon With Many Peti-
tions Still in Circulation.

Forty-seven candidates for commis-
sioner at noon today qualified to have
their names placed on the ballots to
be voted on at the primaries, Tuesday
March 9.

William Ulmeyer, a druggist, who
conducts a pharmacy at the corner of
Fifteenth street and Eleventh ave-
nue, filed his petition and affidavit.
Henry Kule, who until recently con-
ducted a saloon at the corner of Sev-
enth street and Second avenue, also
qualified today.

William Optenberg, a lineman for
the Peoples Power company, who re-
sides at 1719 Twenty-seventh street,
and J. E. Ireland, a railroad man, 4213
Fourteenth avenue also filed today.

Apparatus at present indicate
that by tomorrow night when the
office of city clerk closes, there will
be near 60 candidates who have qual-
ified for commissioner to be voted on
at the primaries. As far as is known
now there will be but five candidates
for mayor.

Tomorrow Last Day.

The final rush will come tomorrow
and if it is as great as now believed
there will be at least a dozen more
who file applications. It is known
there are still a number of petitions
in circulation and if all are filed this
number will likely be reached.

This afternoon the number was raised
to 49 when Robert Reisdale and
Robert J. Fullerton filed their petitions
and affidavits for commissioner.
